

OBJECTIVE:

Entry-level Data Analyst with a background in education, sales, and hospitality seeking to apply strong skills in data analysis, trend identification, and reporting using SQL, Excel, and data visualization tools.

SPECIAL SKILLS:

- **Data Analysis:** Statistical modeling, trend analysis, forecasting
- **Programming:** SQL, R
- **Data Visualization:** Tableau, Power BI, Excel (Pivot Tables, VLOOKUP)
- **Databases:** SQL, Google Sheets, Student Information Systems
- **Enterprise Software:** SAP, SAS
- **Other:** Machine Learning Fundamentals, A/B Testing, Data Cleaning, Sales

PROFESSIONAL SKILLS:

- Presentation Skills
- Communication & Collaboration
- Problem-solving skills
- Attention to detail
- Adaptability
- Planning & Organizing

DATA ANALYTICS PROJECTS:

SQL Projects: Data cleaning, joins (INNER, LEFT), CTEs, subqueries, temp tables, window functions, aggregate functions (SUM, AVG, COUNT), grouping/filtering (GROUP BY, HAVING), creating views, and data type conversion using SQL Server.

- **Covid-19 Data Exploration** - Analyzed global Covid-19 trends (cases, deaths, vaccinations) using SQL Server; applied joins, CTEs, window functions, and views to deliver key public health insights.
- **Retail Sales Analysis** - Built and queried a retail sales database; cleaned data, performed aggregations, and identified trends to support business decision-making.
- **NBA Playstyle vs TV Ratings** - Explored correlations between NBA playstyles and TV ratings; merged datasets and conducted EDA using SQL Server to uncover viewer engagement trends.

Tableau Data Visualization Projects: Developed interactive dashboards using Tableau Public to deliver actionable insights across multiple business areas.

- **R&D vs Net Earnings** – Evaluated the impact of innovation on profitability through financial trend analysis
- **Sales Performance Dashboard** – Highlighted regional and product sales trends to support strategic decisions
- **Customer Sentiment Analysis** – Visualized text data to identify key themes and improve customer experience
- **Job Cost Analysis** – Analyzed project expenses to inform budgeting and resource allocation strategies

EDUCATION:

LAMAR UNIVERSITY

Degree: Masters Business Administration

Focus: Business Analytics

Graduation Date: May 17, 2025

UNIVERSITY OF TEXAS AT ARLINGTON

Degree: Bachelors

Focus: Business

Graduation Date: Dec. 15, 2013

CERTIFICATION:

- Google Data Analytics Professional
- Tableau Desktop Specialist
- 7-12 Mathematics Certificate

EXPERIENCE:

Educator | Various School Districts - Houston, Texas (August 2014 – May 2025)

- Collected and analyzed data, track progress and implement targeted strategies, improving scores 20% to 40% per year.
- Created reports and dashboards using Excel to visualize student achievement and instructional effectiveness.
- Developed and administered assessments to measure learning results, using statistical methods to interpret results.
- Collected and analyzed athlete performance metrics to make data-driven coaching decisions, enhancing team performance.
- Presented data insights to parents, students, and school administrators to drive educational improvements.

Business Owner | Green Light Leasing LLC - Houston, Texas (June 2021 – September 2023)

- Managed customer data to track sales trends and improve customer engagement, leading to a revenue increase of 23%.
- Created reports in Excel and Power BI to provide insights into customer behavior and sales performance.
- Conducted A/B testing to optimize pricing and promotional strategies.
- Trained and managed teams, using performance data to improve efficiency and service quality.
